On March 19, 2025, the Court entered an Order and instructed Plaintiff Dexter Welch (“Welch”) and Defendants United Network for Organ Sharing and Vanderbilt University Medical Center (“VUMC”) to provide weekly reports every Friday regarding Welch’s condition and the actions in which the parties have engaged to resolve this matter. (Docket Entry 139). Regarding Welch’s condition, the parties respectfully notify the Court that Welch was not seen in the VUMC Transplant Clinic this week. Based upon his last presentation, Welch continued to experience positive progress in his kidney function with a serum creatinine level of .97 mg/dL. Welch remained on intravenous antibiotics for his previously-diagnosed urinary tract infection / cystitis and was scheduled to stop those antibiotics on June 6, 2025. Home physical therapy evaluated Welch on May 19, 2025, and determined that he was appropriately functional and that he did not need physical therapy. Regarding resolution efforts, the parties respectfully notify the Court that the parties are continuing to engage in discussions with the mediator and that they will continue to engage in these discussions in an effort to reach a resolution of this matter.

Respectfully submitted,

ELLIS GEORGE LLP
